

[OPTIONAL] Antivirus Instructions Veritext Procedure Document – Independent Contractor

Effective: 11/9/20

[OPTIONAL] ANTIVIRUS

All Windows computers come with Windows Defender which is a built-in Antivirus software. If you would like to run a 3rd party Antivirus in its place, please find below two approved and free Antivirus software programs to choose from.

Only choose **ONE** Antivirus program of the two listed below (Kaspersky or Comodo Antivirus). **DO NOT** install both on your computer.

NOTE: If your computer is already running a 3rd party Antivirus software (such as "McAfee"), it will need to be uninstalled before installing one of the Approved solutions below.

Any Antivirus software other than the two solutions are not tested are not tested for compatibility and support is not provided for alternative software.

Kaspersky Security Cloud Installation Instructions

- 1. Download Kaspersky Free: <u>https://usa.kaspersky.com/free-antivirus</u>
- 2. Download and run the installer.
- 3. Select English, then click continue.
- 4. On the Welcome Screen click continue.
