

TRUSTED SECURITY

Safeguarding Your Data, Your Practice, Your Clients

1 IN 3

LAW FIRMS HAVE HAD A DATA BREACH, WITH ONE-THIRD OF DATA BREACHES STEMMING FROM THIRD PARTY VENDORS.

Protecting Your Critical Information

Veritext provides the highest level of security to ensure that your clients' confidential personal information, medical records, financial data or trade secrets are protected and safeguarded. With Veritext, you can count on enterprise-class security – including data protection, identity management, vulnerability management, physical and personnel security, application security, incident response, and privacy measures.

THE VERITEXT DIFFERENCE

- ✓ A Proven and Mature Security Program
- ✓ An A rating from Security Scorecard
- ✓ An In-house Team of Dedicated Security Experts
- ✓ End-to-end Encryption
- ✓ 24x7 Security Operations Center
- ✓ Enterprise-Grade Amazon Web Services (AWS) Data Center
- ✓ Safe AI Technologies that Adhere to Rigorous Security Standards
- ✓ Ongoing Third-Party Audits and Employee Security Training
- ✓ Chosen Service Provider of Several Government and Regulatory Agencies
- ✓ Transparent and Trustworthy Processes

HIPAA COMPLIANT

Veritext complies with The Health Insurance Portability and Accountability Act (HIPAA), which protects the privacy of personal health information. Security and procedural protocol standards are implemented across the Veritext environment and include measures such as scanning for vulnerabilities, malware protection and proactive penetration testing. These standards also include secure electronic transfer of Protected Health Information (PHI). Scanned exhibits and transcripts containing claims information, medical diagnoses, medical testimony, hospital records and diagnostic test results are all secured and protected.

SOC 2 TYPE 2 CERTIFIED

Veritext holds a SOC 2 Type 2 Certification. This rigorous, independent audit evaluates how we manage data to ensure security, availability, processing integrity, confidentiality, and privacy.

PIPEDA COMPLIANT

Veritext adheres to the Personal Information Protection and Electronic Documents Act, Canada's federal privacy law. This compliance ensures we handle personal information responsibly, with transparency, consent, and appropriate safeguards.

PCI CERTIFIED

Veritext meets strict security standards set by the Payment Card Industry Data Security Standard (PCI DSS) to protect credit card and payment data – ensuring sensitive financial information is securely processed, stored, and transmitted.

PIPA COMPLIANT

Veritext adheres to the Personal Information Protection and Electronic Documents Act, Canada's federal privacy law. This compliance ensures we handle personal information responsibly, with transparency, consent, and appropriate safeguards.

CCPA COMPLIANT

Veritext adheres to the California Consumer Privacy Act, ensuring California residents have rights over their personal data – including access, deletion, and control over how it's collected and shared.

CSAE 3416 CERTIFIED

Veritext has undergone a third-party audit under the Canadian Standard on Assurance Engagements 3416, which evaluates the design and operating effectiveness of internal controls at service organizations.
