

# WORKING REMOTELY?

NEED TO DEPOSE WITNESSES, EXPERTS, OR CONNECT REMOTELY FROM THE SAFETY OF YOUR HOME OFFICE? **TRY VERITEXT VIRTUAL!**

## BE THERE WHEN YOU CAN'T BE THERE.

Veritext's virtual technology provides a convenient and inexpensive solution for deposing remote witnesses domestically or internationally. Easily connect with just your webcam-equipped laptop, computer or mobile device.

### NO TRAVEL NECESSARY

Avoid the cost and health risks of travel by remote connection.

### ACCOMMODATES UP TO 100 PARTICIPANTS

Streaming realtime video lets you view witness demeanor and body language for up to 100 participants.

### EXHIBIT SHARING

Securely view, share, annotate and digitally stamp exhibits. Easily delegate control to other participants.

### STREAMING REALTIME TEXT

Scrolling text of the deposition can be highlighted, annotated and saved, without the need for additional software.

### SECURE USER-FRIENDLY PLATFORM

Built on a highly secure Zoom enterprise platform with HIPAA & PII compliant security configurations.

### ON CALL TECHNICAL SUPPORT

On call technical support to assist you in participating wherever there is an internet connection.
