

Danielle Gsoell

Veritext Technical Solution Specialist

Danielle Gsoell is the western region Technical Client Specialist for Veritext Legal Solutions. As such, Ms. Gsoell shares her proficiency in technical legal applications through working knowledge, collaborative product development and educational seminars, supporting both employees and clientele alike.

Her technical background includes expertise in the areas of realtime software, document management solutions, trial presentation tools and mobile applications with proficiency in LiveNote, Summation, TextMap, TrialDirector and more. Knowledge of these tools allow her to tailor solutions to clients, resolve time-sensitive technical matters and answer technical inquiries.

As a member of the product development team, Ms. Gsoell collaborates with Veritext account executives, product development members, and information

technology staff to define and detail the analytical aspects and feasibility of proposed solutions and advancements applicable to industry trends.

In addition, Ms. Gsoell is a credentialed educator with an acute understanding of instructional design making her an integral asset to the Technical Solutions teaching team. She travels throughout the western region clarifying complex subject matter and providing leading-edge informative CLE's, educational instruction and product demonstrations to legal professionals. Her current presentation topics include advances in deposition technology, electronic tablet usage for the legal office, and technology-based timesavers.

Ms. Gsoell earned her B.A. in Sociology at the University of Hawaii, Manoa and her M.A. in Education at the University of California, Irvine.
